Salt Lake City, Utah 84180-1203

Dear Mr. Wham:

As per our telephone conversation on March 4, 1987, I am enclosing the completed Mineral Exploration Drill Hole Permanent Abandonment Report Forms for our 1986 drilling program.

As we discussed, Manville Sales Corporation intends to remove additional material from existing surficial excavations within T 24 S, R 9 W, NW $\frac{1}{4}$, Castor and Beaver Claim Group, Millard County, for further testing.

We do not plan to increase our activities beyond the 2 acre limitation at this time. You mentioned that our Declaration of Exemption, No. 027/009, approved by your Department during April, 1986, would be sufficient to cover our initial 1987 sample removal.

I appreciate your help in the above matter as well as clarifying Utahs' newly amended mining-exploration regulations.

Sincerely yours,

Joseph Levay
